Parents should go to [www.apu.edu/iom](http://www.apu.edu/iom) and click on Mexicali outreach to get the updates. The Azusa Pacific Team will be giving current info from their laptops.

-----  
Previous message:

Students and leaders in Mexicali are fine. Everyone in our VCS group are accounted for and there are no injuries.

The epicenter of a 7.2 earthquake occurred 45 miles form Mexicali. They lost electricity and currently there is no cell phone coverage that we are aware of. The school's Nextel radios are working intermittently and we have received reports through them.
