Village Christian Elementary - 2009-2010 Grade Level SAT10 Scores

Having received your child's Stanford 10 (SAT10) scores, you may be wondering how well Village students are doing when compared to other students nationally. The following table will provide you with significant data that, in fact, compares the significant achievement of our students by grade level to students across the nation. The table provides you with a composite snapshot of how well each of our grade levels did during the 2009-2010 school year. The table's first column represents a description of each of the subtests & totals on the SAT 10 for grades K-5. The succeeding columns provide the scores that each grade level achieved. The scores are National Percentile Rankings which compare VCES students to students nationally. As an example, if a grade level's National Grade Percentile Rank spans the 85th percentile, the grade level would have performed as well as, or better than, 85% of the students nationally in that subject. We truly have reason to rejoice in the fact that each of our grade level's achievement ranged from the 76th to the 87th percentile (see the Complete Battery column). These scores are not only a measure of how well our students have done, but they also speak to the quality of teachers and program we currently have in place.

Join with me in praising our Lord for His faithfulness to us, for the resources He has allowed us to have, and for the teachers and staff He has brought to Village. This is a wonderful report and directs all of our praise and joy to Him!

Stanford 10 (SAT10) Subtest/Totals	Kindergarten National Percentile Rank	1 st Grade National Percentile Rank	2 nd Grade National Percentile Rank	3rd Grade National Percentile Rank	4 th Grade National Percentile Rank	5th Grade National Percentile Rank
Total Reading	93	84	78	79	85	84

"It Takes a Village" Painting Party

Just a reminder that this Friday and Saturday, July 30 & 31, we will be joining together to repaint The Wing Buildings. From 8-5 on Friday and 8-12 on Saturday, drop by, pick up a brush and help us to put the shine back on VCS. Lunch will be served both days. Bring your rollers (3/8 nap) and brushes if you have them. If not, the school will supply them.
