Wait Until You See the Campus

We have been busy making significant improvements to the campus this summer, and we can't wait to show it off to you at Meet the Teacher Night. Some of our projects include: complete remodeling of the hallways in Wing A and Wing B, new carpet in the Auditorium, Central Office, Strings Room, and some High School Classrooms; beautiful new paint on all the lockers around campus; new paint on the exterior of all the campus; remodeling of the chapel; re-surfacing of the Dave Wilson Court in the Gym; and new flowers around campus. Plus, we are working on a special interactive project to re-paint the cross, remodel the elementary school bathrooms, and designs for a new teaching garden. All of these projects are being completed to communicate in no uncertain terms that God is not finished with the ministry of Village Christian Schools. If you would like to contribute your time or resources to any of these projects, please let us know!

Refer a Friend

With all the exciting improvements to the campus and our programs for this upcoming year, don't you think your friends and fellow churchgoers should know about it? The school will be holding special tours for families interested in applying for the upcoming school year the weeks of August 16-20 and August 31-September 3. These special tours will help share the exciting things that are happening at VCS for all those families who are reconsidering sending their children to public or another private school. Please spread the word to everyone you know, and if you are willing, please hang a poster at your church or business. Contact our Admissions Office to receive a copy of the poster.
