

TECHNO KIDS CLUB!

Would you like to sharpen your computer skills while working on exciting projects?
The Techno Kids Club is just the place for you!

During this before-school enrichment time, we will create a newsletter featuring the elementary students and their accomplishments. In the process we will learn the ins and outs of Publisher, Word, Movie Maker, and digital photo editing.

The club will meet on Tuesdays and Wednesdays from 7:30-8:15 a.m. in room 14 beginning September 27. There are only 16 spots available.
Selection will be based upon the following criteria:

Fourth or fifth grade student

Writing sample

Knowledge of basic computer skills

Teacher recommendation

Satisfactory grades

There is no charge to participate in the Techno Kids Club. If you are interested, fill out the bottom portion and attach it to a typed sample of your writing from this year or last year. Turn your application and writing sample into Miss Haskell in room 14 or through the Elementary Office.

All applications must be received by Friday, September 16.

Name: _____

Grade/Teacher: _____

Computer skills:
